Criminal Law

Law students often find criminal law to be one of the most interesting, but also one of the most difficult courses. Even the fundamental elements of criminal liability can be hard to learn and even harder to apply on exams. The study of criminal law demands that students juggle a mix of common law principles, modern judicial decisions, statutory text, the Model Penal Code, and philosophies of justice to address the enduring dilemmas that comprise criminal law. In Criminal Law: Model Problems and Outstanding Answers, Kathryn Christopher and Russell Christopher deftly guide students in applying criminal law. Their interesting and accessible fact patterns explore important principles surrounding homicide and rape, attempt and conspiracy, accomplice liability and defenses, and devote special attention to difficult doctrines like impossible

attempt and felony murder. This book includes clear introductions to the major topics in criminal law, provides hypotheticals that students can expect to see on exams, and offers model answers to those hypotheticals. It then gives students the opportunity to evaluate their own work with a comprehensive self-analysis section. This book prepares students by challenging them to use the law they learn in class while also explaining the best way to express sophisticated answers on their exams. Model Problems and Outstanding Answers is an innovative new series by Oxford University Press. Featuring topical introductions and clear fact patterns, each book contains exercises designed to help students develop methods to craft organized, relevant, and thoughtful responses to exam-style questions. These exercises show the student how to think like a lawyer. By guiding students to the most appropriate ways to apply their knowledge to new facts, the series offers meaningful and significant preparation for law school exams and bar-exam essays.

'.. the most authoritative and sophisticated textbook on the penal system of England and Wales. It is essential reading for anyone who wishes to understand the causes, character and consequences of the current penal 'crisis'. To be presented in a clear and accessible style. To cover the issues comprehensively. The Penal System delivers in all of these ways. Mick Cavadino and Jim Dignan write with passion and authority, which makes for an immensely readable book. If there is such a thing as an ideal textbook, then this is it.' George Mair, Professor in Criminal Justice, Liverpool John Moores University. '...remains the most comprehensive, up-to-date, and readable text on the subject.' Yvonne Jewkes, Reader in Criminology, The Open University 'The perfect mix of the theoretical and the practical, Cavadino and Dignan's updated book is the smartest, cutting-edge textbook available on the crucial subject of penology.' Shadd Maruna, Queen's University Belfast '.....the book remains an essential resource for students in criminology and criminal justice. The authors are hugely effective in delivering a comprehensive guide to criminal justice issues in the 21st century. Students will also find the self-study guide to electronic sources immensely helpful.' Loraine Gelsthorpe, University of Cambridge. The revised and updated edition of this bestselling textbook is the most integrated and authoritative overview of the penal system available. The Penal System provides a complete introduction to all aspects of punishment within the wider context of the criminal justice system. It covers all the key theories and topics that a student of criminology or criminal justice needs to know about in their course. Praise for previous editions: "There are few 'must buy' books for students of criminology and criminal justice, but since its first edition in 1992 The Penal System: An Introduction has been one of them. For accuracy and scope, as well as its remarkable combination of scholarly rigour and readability, the book has no equal, and it has only got better through successive editions." David Smith, Professor of Criminology, Lancaster University. "For more than ten years Cavadino and Dignan have provided by far the best policy relevant and theoretically informed account of the British penal system. This new edition has only the high standards of its predecessors to beat. Cavadino and Dignan may not have managed to change the penal system for the better with their book, but no one has delivered a more accessible or intelligent account of why it is so hard to reform." Mike Nellis, Professor of Criminal and Community Justice, University of Strathclyde
